CLEAR LITE SERIES

The insulating value of Low e coating is nearly double that of an ordinary insulated glass unit. In winter, reflects heat back into the room. In summer, it rejects the sun's heat and damaging UV rays. LEA coating is virtually invisible to the eye yet blocks 84% of the sun's harmful ultraviolet rays.

In fact, it is the clearest, highest performing glass you can buy.

ALL CLEAR LITE SERIES ARE LOW-E ARGON.

INTERNAL MINIBLINDS

A single operating system allows ease of opening and closing built in blinds. Internal blinds prevents dust from accumulating. Blinds adjust for complete light block, and the privacy channels on each side eliminate light gaps.

When the blinds are closed - no street light shadows or sunlight glare. You will have more privacy at night and increased sense of security.

AVAILABLE SIZES

22 x 64	22 x 48	8 x 64
	22 x 80	8 x 80

Our Blinds Are Built To Perform:

- + Efficient Force to lift ratio for easy operation
- + Reliability tested lines
- + Robust internal mechanisms assure durability
- + UV coated & Energy efficient insulated glass
- + Control of light and privacy
- + Safe for children and pets
- + No dusting

The Elevation venting windows allows for smooth operation. Its weight balancing system offers minimal effort for better and safer control.

COMPONENTS

Door and Sidelite Panels

- + Made of tough 24 Gauge , hot dipped galvanized steel. Durable and resists rust and corrosion.

- + Polyurethane foam filled core, proves stability in the panel, eliminating warping and adds insulation

- + Standard lock block on door panels adds reinforcement where the locks are to be installed.

- + Standard Steel Panels come in a factory white finish (polyplex).

- + Wood perimeter on slabs provides a thermal break between outside and inside surfaces, eliminating condensation and frost

Jambs

- + Kiln dried Finger joint pine, prevents warping and cracking

- + Available in raw finish as standard but also comes in a paintable PVC laminate which matches the poly- plex finish of the door

Sizes Available:

4 5/8 x 1 1/4

4 5/8 x 1 1/2

6 1/2 x 1 1/4

6 1/2 x 1 1/2

7 1/4 X 1 1/4

Sills

- + Thermally broken to prevent transfer of hot and cold. Stops your door from freezing up.

- + Adjustable allowing superior seal

- + Also available in black anodize finish

- + Available with a variety of extensions 1", 2" and 3"

- + Sloped to allow water to move away from the door and home.

- + Made of a thick aluminum extrusion and has a composite sub-sill giving strength and support to the bottom of the system. The sub-sills will not rot.

- + NAFS Certified

Brickmould

- + Has a double bead feature which gives a stylish finishing touch to the exterior of the system.

- + Available in 1 5/8" and 2"

- + Available in wood, laminated and grain finish which is also paintable to match your entry door system

Security Plate

+ 1/8" steel plates are added at the back of the frame where the lock meets the door adding supreme strength to the frame.

+ Aids in the prevention of break-ins.

+ 2 additional 1/8" steel plates are added to each Avanti wood frame system at the top and bottom hinge location, adding strength and support.

Weather Strips

+ Pink Panther provides a tight seal to minimize heat loss

+ Prevents water, air and bugs for entering the home.

+ Choose from white or black to be able to compliment the finish of your door.

Hinges

+ Ball bearing hinges allows a smooth hinge action and does not squeak when opening and closing door.

+ Stops the door from pulling away from the frame after constant use

+ Comes in a variety of finishes to match your door hardware or glass coming. Including: brass, black chrome, satin nickel and black matte

+ Top and Bottom Hinges of every Avanti door has a Steel plate which strengthens the frame making it difficult for break ins.

Glass Frame

+ PVC frames with screw cap strips, which cover the installation glass screws, are standard on all Rectangular glass inserts.

+ Will not change colour if not painted

+ Contoured design adds beauty to the door system

+ Coextruded rubber seals prevents water infiltration

Sweeps

+ Fins and bubbles are guaranteed not to tear under normal use

+ Screw cover to hide adjustment screws

+ Exterior drip cap draws water away from entrance

+ Superior Double Bubble seal increases contact with threshold for superior resistance to air and water infiltration.

+ Adjustable to ensure a perfect seal between sweep and sill

+ Punched Drainage Channel ensures that any water that enters into sweep drains to the exterior of the door.

SYSTEM SIZING CHART

Door Style	Slab Size	Wood 1 1/4	Wood 1 1/2	Laminated 1 1/4	Laminated 1 1/2
Single Door	30"	31 3/8"	31 7/8"	31 1/2"	32"
	32"	33 3/8"	33 7/8"	33 1/2"	34"
